OFFICE OF THE INSPECTING OFFICER,
HYDERABAD & MYSORE I. S. CAVALRY.

5th August 1899

My Execution Enclosure:

FILE No. 1661/1899

SERIAL No.

I send a return
the accompanying note from the
Senior A.G.G.

There is no plague in the I.S.
cavalry lines.

I sent from here, this morning,
to find out from Ind Head if
there had been any
cases amongst the transport
followers, in the old lines.

I can get no reply - kindly find
out for me & let me know
as early as possible for the
information of the President

Also will you very kindly
arrange (if it is not so
already) that any case of
infectious disease such as plague
cholera or small pox, amongst
the men, followers, or families,
of U.S. Cavalry Transport, either

in the old or new hives and immediately report to me - also any cases of infectious disease amongst horses on Transport.

Please also let me know what steps are proposed in case plague gets into the old lines to segregate the I.S Transport.

Yours sincerely

D. H. Mackern.

Enclosure No. nil.

In continuation of this office No. 374 of the 15th ultimo, has the honor to report that the syce reported to have been attacked with small-pox in the above, has been completely recovered. Another boy son of Dafadar Narsoji Manai who was 6 years old was attacked with small-pox yesterday was segretated in a mantapam far away from the lines. He died this evening. Two more boys have been attacked with the same.

Every precaution is taken & necessary arrangements have been made to prevent the spreading of the disease.

The Health Officer, Bangalore City was asked to depute a vaccinator for the purpose of vaccinating the children in the lines. He has detailed
